Completed Bachelor, Master and PhD Theses

- **Rosita Liperoti** Post-error adjustment and emotional stimuli (M.A.)
- **Daniela Cordì** The use of Delta Plot for the study of Anger Superiority Effect in a developmental perspective, examining gender differences (M.A.)
- **Chiara Colombini** Gender differences in judgment of emotions from facial expressions: a developmental study (M.A.)
- **Angela Scorza** Superior detection of threatening facial expressions in children and adolescents (M.A.)
- **Leonardo Mulinacci** Analysis of the interaction between genes, environment and cultural development (B.A.)
- **Margherita Vannucci** Sexual prejudice and attitudes toward sexual minorities: comparison between heterosexual women and men (B.A.)
- **Andrea Piazzoli** The measures of intelligence (B.A.)
- **Ilenia Donati** Recognition of emotional expressions in older adults through the comparison with younger people (B.A.)
- **Silvia Maffei** The stereotype threat: Effects on wellness and health (B.A.)
- **Giancarlo Gallicchio** Gambling in the workplace (B.A.)
- **Francesca Giubilei** Counterfactuals and the experience of regret (B.A.)
- **Simona Lemmetti** Anxiety Disorders and correlated risk factors (B.A.)
- **Caterina Sofia** Relationship between physical activity and
- **Daniela Cordì** The use of delta plots for the study of anger superiority effect in children and adolescents (M.A.)
- **Cristina Marasco** Post-error adjustment and conflict adaptation in the Flanker task with the self-face and highly familiar faces (M.A.)
- **Vittorio La Camiola** Attentional interference effects of emotional pictures. Threat: Faces, Spider and Snakes (M.A.)
- **Melania Vinciarelli** Cognitive flexibility in error reactivity in response to threatening stimuli (M.A.)
- **Daniela Sapio** Processing of face identity in the Flanker Task: a Diffusion Model analysis (M.A.)
- **Kelin Ricci** One’s own face is hard to ignore: familiarity effects in the Flanker Task (M.A.)
- **Claudia Solfanelli** Randomness perception: the role of encoding and representativeness heuristic (M.A.)
- **Martina Solini** Development of cognitive control: Error reactivity in adolescence (M.A.)
- **Clara Bertini** Selective attention and self-face processing: a response time distributional approach (M.A.)
- **Paolamarta Volpi** Self-face processing and the processing of other people’s faces: Emotion-specific effects of facial expressions and individual differences (M.A.)
- **Elena Banti** Vulnerable Child Syndrome: physiological and psychological determiners (B.A.)
- **Federica Scialfaferri** Is our face special? A study on the interference effect (M.A.)
- **Marta Simonetti** Gender differences in emotional processing in childhood: an empirical study of the Anger Superiority Effect (M.A.)
- **Veronica Guerra** Cognitive control and Post-error reactivity in childhood (M.A.)
- **Alessia Giuntini** The developmental study of executive functions: post-error reactivity with valent stimuli (M.A.)
- **Silvia Zuffi** Minority and innovation (B.A.)
- **Francesca Novelli** Social anxiety disorder: a comparison between therapies (B.A.)
- **Erika Palomba** Face perception: attribution of social characteristics and personality (B.A.)
- **Alessia Musicò** Gender differences in cognitive control: a developmental study (M.A.)
- **Delia Farini** “To err is human, to persevere is diabolical”: The reactivity to errors in a visual search task with emotional stimuli (M.A.)
- **Silvia Scarfì** Adaptation in the congruency effect in the Flanker task and Stroop task (M.A.)
- **Virginia Martini** Congruency effect in the Eriksen task: the role of facial expressions (M.A.)
- **Giorgio Priolo** Exploring the differences in the distributive properties of reaction times between the Stroop effect and the Eriksen effect using Delta Plot (M.A.)
- **Giulia Passariello** Mental rumination: theoretical perspectives and empirical researches (B.A.)
- **Lisa Bizzi** Don’t cry wolf: Flexibility of cognitive control and error adjustment (M.A.)
- **Nicoletta Bruni** Cognitive control in children (M.A.)
- **Claudia Micheli** Individual differences and attentional biases towards facial expressions (M.A.)
- **Federica De Pasquale** Attentional biases and mood induction
- **Lorenzo Tinti** The perception of time: The influence of negative facial expressions mediated by individual differences (B.A.)
- **Giulia Palchetti** The role of facial expressions in memory for faces (M.A.)
- **Elda Marqeni** Can videogames reduce age-related cognitive decline? (B.A.)
- **Silvia Vinazzani** Negative processing biases in depression (B.A.)
- **Sonia Paolinelli** Recognition of facial expressions and identity: psychophysical mechanisms and neural correlates (M.A.)
- **Maria Vincenza Caracuta** Processing of facial emotional expressions (M.A.)
- **Giulia Petraroja** Visual perceptual Learning and memory fidelity for facial expressions (M.A.)
- **Francesca Mastrantonio** Parental Perception of Child Vulnerability: risk factors and developmental outcomes (B.A.)
